

To make boomerangs:

- 1) Print.
- 2) Cut out and paste completely onto posterboard (no air gaps).
- 3) Cut out of posterboard.

To fly boomerangs:

- 1) Lay on back of left hand with one tip hanging over the edge.
- 2) With middle finger and thumb of other hand, "flick" boomerang away from you.
- 3) Watch boomerang fly away – and return!
(Do you "turn away from deceivers"?)
